EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Cleveland on May 22, 2006.

The application has been amended as follows:

Claims 17-21 and 27 have been canceled.

In claim 13, line 5, after the phrase "to provide said purified Lipid II", the phrase ---, wherein said Lipid II has a purity greater than or equal to 95%--- has been inserted.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: Heijenoort et al. Journal of Bacteriology (1992), Vol. 174, pages 3549-3557 (Heijenoort) is the closest prior art. Heijenoort teaches the purification of Lipid II; however, Heijenoort does not teach a Lipid II composition having great than or equal to 95% purity.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
